

ISAQUARTZ

Cal 2331 / 103

SWISS MADE

FAR EAST ASSEMBLY

11 1/2 '''
25.60 mm
H. 2.95

BASIC 3 HANDS
DATE

Date by
Window
(Big Date Available)

Strong motor
(optional)

ISASWISS
WATCH MECHANISMS

In conformity with RoHS standard

Caractéristiques:

Mouvement électronique à quartz, 3 aiguilles, seconde au centre.
Tige 3 positions.
Quantième, correcteur de quantième rapide.
Moteur rotatif pas à pas, 1 pas par seconde.
Dispositif stop mécanique et électronique.

Characteristics:

Electronic quartz movement, with 3 hands, Center second.
Stem 3 positions.
Date by window, quick date correction.
Rotary stepping motor, 1 step per second.
Stop device and current breaker.

Kennzeichnungen :

Elektronisches Quarzwerk, 3 Zeiger, Sekunde im Zentrum.
Stellwelle 3 Positionen.
Rasche Korrektur des Datums mittels Stellwelle.
Schrittschaltmotor, 1 Schritt pro Sekunde.
Stopp Vorrichtung und Unterbrecher.

Critères Criteria Kriterium	Conditions Conditions Bedingungen	Min.	Typ.	Max.	Unités Units Einheit
Consommation Current consumption Stromaufnahme	U=1.55V T=25°C		0.85		µA
Marche instantanée Instantaneous rate Momentaner Gang	U=1.55V T=25°C	-0.5 (-15)		+ 0.5 (+15)	s/jour s/day s/Tag (s/mois s/month s/Monat)
Température de fonctionnement Operating temperature Betriebstemperatur		0		+ 50	°C
Résistance aux champs magnétiques Resistance to magnetic fields Magnetfeldabschirmung			1500 (18.8)		A/m (Oe)
